

Overview

The RCM QAD Solutions Practice provides high quality, cost-effective solutions and services that enable our customers to meet and exceed their business objectives. With our dedication, resources and expertise, we develop methodologies and introduce new business concepts to maximize efficiencies and synergies across your organization.

Whether you are a single or multiple site manufacturer with numerous geographically distributed locations, RCM offers a single source solution for QAD clients. Our focus is on your company and our service professionals bring industry knowledge and QAD product expertise together to provide you the maximum value.

“We deliver strong technological expertise for progressive, integrative solutions on schedule and within budget.”

The RCM Enterprise Solutions Practice is an authorized Channel Partner of QAD, one of only three in the United States.

“Advancing performance through innovation” is a phrase that best describes the philosophy of the RCM Technologies’ QAD Solutions practice. For over fourteen years the RCM Livonia, Michigan practice has been instrumental in bringing innovation to small and medium-sized manufacturing companies in the industrial, automotive, consumer product goods, food & beverage and life sciences industries. We are also an authorized Sales and Services Channel Partner of QAD and leverage the expertise of the RCM staff and proven methodologies to assist clients in implementing and optimizing QAD Applications.

By listening to the needs of our clients and using proven methodologies, we introduce your company to new business concepts and help your organization maximize efficiencies and synergies across your entire operation.
