RCM OPENS AN ENGINEERING CENTER OF EXCELLENCE IN BUFFALO, NEW YORK

Pennsauken, NJ – November 13, 2017 -- RCM Technologies, Inc. (NasdaqGM: RCMT), a premier provider of business and technology solutions designed to enhance and maximize the operational performance of its customers through the adaptation and deployment of advanced engineering, information technology and specialty health care services, today announced the opening of an Engineering Center of Excellence in Buffalo, New York. This fully-equipped office at the 50 Lakefront complex situated in downtown Buffalo on the Lake Erie Marina will provide engineering, design support, staff augmentation and construction management to the Process and Industrial and Power markets.

The newly opened office will service area owners in the gas processing, metals, chemical, power generation and transmission and distribution industries. Projects will be executed and engineering and technical solutions provided throughout the United States and Canada.

Rich Timer, VP of Engineering in RCM's Energy Services division, said, "Opening the Buffalo office offers RCM a tremendous opportunity to grow our business and drive our services into adjacent markets. This area has a significant industrial customer base and resident engineering talent. This office will not only expand RCM's footprint, but more importantly will bolster broader services delivery and market diversity. In addition, the proximity to our Canadian offices in Buffalo will allow for the melding of talents and sharing of services from which our clients will benefit."
